**CHILDREN ON CAMPUS POLICY**

Due to concerns for the safety of children and for the quality of class sessions, Kennebec Valley Community College has established the following policy:

- children are not allowed in class sessions;
- children must be supervised at all times while on campus;
- children may not be left in the library, Campus Center, or in any other campus areas while parents attend class;
- College personnel do not supervise children.

In an emergency situation in which a student cannot attend class due to a childcare concern, the student is asked to contact the Dean of Student Affairs for assistance.
